

Z.W. Evans House

Volunteer SAFE Day

June 13

Preservation North Carolina is looking for volunteers for a SAFE Day event at the Z. W. Evans House:

June 13th

10:00am to 2:00pm

[2428 Virginia Rd, Edenton, NC 27932](#)

The SAFE Day volunteers will help clean out remaining items from the house, taking anything you wish to help keep useful materials from the landfill. Any remaining items and trash will be hauled off at the end of the day. Volunteers will help sweep out and tidy the interior and exterior in preparation for upcoming showings to prospective buyers. Volunteers are also needed to help with raking and clearing the yard debris left behind from the recent bush hogging work.

Preservation North Carolina will soon be seeking a buyer who appreciates the fine craftsmanship of this historic property which will be sold subject to protective covenants and a rehabilitation agreement.

Help us complete preparation work as we start the search for a new buyer for the home's next preservation chapter. If you plan to participate, please [email us](#) to complete a Volunteer Waiver.

- ☒ Carpooling is recommended as the site can only accommodate about 15-20 cars.
- ☒ Wear comfortable work clothes and closed toe shoes.
- ☒ Bring water to stay hydrated in the summer heat.

Recommended items to bring with you if you have them (*be sure to mark any items with your first and last name using a permanent marker on masking tape*):
